Features

- Adjustable height handles
- Comfortable over seat
- Non-see-through Shopping basket for safety and storage
- Deluxe "loop" style lockable brakes
- Folds flat for storage or to fit in boot of a car or taxi
- Fully adjustable height

Mobility / Disability Support

- Over seat allows you to rest whilst out walking.
- Folds flat for transportation so can be taken anywhere
- Provides support when walking for those unsteady on their feet, giving confidence to stay mobile.
- Lock down brakes for those suffering from Emphysema
- Adjustable height to ensure the correct walking position can be obtained

One of the most popular walkers on the market, this model is ideal for a range of purposes. It provides users with the confidence to continue walking allowing you to still keep mobile, enjoy independence and continue doing things you like.

With loop style locking brakes it ensures that even those with mobility problems in their hands can easily apply the brakes. Once the brakes have been locked in place, the walker can then be safely used as a comfortable seat allowing you to rest your legs or just take in a view whilst on walks of any length.

The walker also has a shopping bag allowing you to keep your hands free whilst out, and it can quickly fold flat for storage or to put in the car so even when you are away you can ensure your mobility.
