

Comfort PLUS Products

Dual Purpose Walker

Features

- Height Adjustable Handles
- Memory foam seat for comfort
- Non-see-through Shopping bag for safety and storage
- Deluxe "loop" style lockable brakes
- Folds for storage or transport
- Converts to a transport chair
- Seat allows you to rest whilst out walking.

A brand new walker, with all the benefits of a normal walker / rollator, our dual purpose walker can quickly transform into a transfer chair. Excellent for anyone who gets tired and needs a push every now and then.

Our walker provides users with the confidence to continue walking allowing you to still keep mobile, enjoy independence and continue doing things you like. With loop style locking brakes it ensures that even those with mobility problems in their hands can easily apply the brakes. Once the brakes have been locked in place, the walker can then be safely used as a comfortable seat allowing you to rest your legs or just take in a view whilst on walks of any length.
